## LEATHER REPAIR PRODUCTS

### LEATHER CRACK FILLER

PART# LCF-4 4oz

Terrific for slight imperfections like hairline cracks, or use to seal an area where the leather has worn off (porous areas). Quick dry time, non-sandable. Gray.

### EZ FILL

PART# EZ-4 4oz

Our most popular leather filler. For small to medium sized cracks. Air dry, but can use a blow drier if needed. Creates a soft, flexible, strong repair that can be sanded. Crème colored.

### LEATHER SKIN FILLER

PART# LSF-4 4oz

For small hairline cracks or creases. Non-sandable, but spreads and feathers out easily. Brown.

### LEATHER REPAIR COMPOUND

PART# LRC-4 4oz

Low heat cure for leather and heat sensitive vinyl. Great for door panels, too! Great adhesion and flexibility. Grain with a pad or spray on texture. White.

### LEATHER PRIMER

PART# LP-2 2oz

Just a drop will do! Creates a barrier between water and solvent based products, allowing dye to adhere to leather.

### LEATHER REPAIR ADHESIVE

PART# LRA 2oz, 8oz

Pink glue that is not only a fantastic adhesive for sub patches, but can also be used at the base of cracks or on hairline cracks. Sandable, stays flexible.

### LEATHER DRY FILL

PART# LDF 1oz, 4oz

Ground leather fibers. Use with LRA to make your own paste for holes, tears and cracks. Sandable.

## LEATHER REPAIR PRODUCTS

### LEATHER FLEX

PART# LF PINT, 2oz

Additive to give flexibility when added to Z-Line solvent based dyes for leather. Use only a drop or two.

### LEATHER FLEX FILL

PART# LFFII

2oz, 4oz

Thick and smooth spreading, LFFII is light brown and comes in a squeeze bottle. Use for deep leather repairs, especially when in need of abrasion resistance. Can smooth rough edges by wetting spatula. Used LSF or EZ Fill as a top coat. Use LRA for sub patch or as a first fill. Sandable with 220#, MUST BE TOPCOATED.

### DEEP LEATHER FLEX FILL

PART#DLFF 2oz, 4oz

Tan in color, this compound is for deep cracks, gouges and holes. Air dry, non-sandable.

### TRI CLEAN

PART# TC 32OZ, GALLON

An excellent cleaner for prepping leather for repair and/or dyeing. Water based, able to break down the original top clear and color. Surface is left slightly tacky and ready for color. Can also be used to remove stains from carpets, fabrics & headliners. Will not stain cloth or Aniline leather.
