### TOOLS FOR VELOUR FIBER APPLICATION

#### **EVA-2000™**

#### **ELECTRO-STATIC VELOUR APPLICATOR**

Restores virtually any surface where velour is required and will make the fibers stand up like original.  
We offer a full 6 month warranty and a rugged carrying case with each applicator.

#### **VS**

#### **VELOUR SHAKER**

As the name implies, you simply put fibers inside, screw on the top, and shake the fibers onto your repair area.

#### **A11**

#### **VELOUR ATOMIZER**

Most popular way to apply fibers over repair area, but more susceptible to plugging-up than the Fiberette.  
For better fiber flow & less plugging-up, remove the reducer inside the lid with pliers.

#### **FIBERETTE**

#### **COMPLETE WITH BULB**

Has a much bigger orifice and barrel than the A11 Atomizer so is less susceptible to clogging and pushes thru much more volume of fibers.

**EVA - 2000™**

### **ELECTRO-STATIC VELOUR APPLICATOR**

*Quality Innovation - The Standard*

Introducing the EVA-2000™ electrostatic velour applicator/restorer by Fitzgerald's. Newly undated with higher electrostatic energy and rugged design all spell one word for you: **P-R-O-F-I-T-S**.

The EVA-2000™ will restore virtually any surface where velour or velvet is required. Automobiles, furniture, hobbies, crafts. You name it, and the EVA-2000™ is the applicator for you. We offer a full 6 month warranty and a rugged carrying case with each applicator.

Call us for all your restoration and velour needs.

### **WARNING SHOCK HAZARD!**

#### **PLEASE READ**

The EVA-2000™ will hold a residual charge even after the ACTIVATE button has been released and the unit is turned off. EACH AND EVERY TIME the EVA IS USED (even momentarily) it must be discharged to prevent accidental shock, should the screen or metal portion of the external ground cable be touched.

### VRK2 VELOUR REPAIR KIT

Fitzgerald's has assembled this complete professional velour repair kit designed for the auto trimmer, detailer or mobile technician.

This kit is designed as a great add-on service to an existing business. We have been supplying the automotive after-market since 1978 and have more the 2,000 successful refinishers throughout the world.

With the addition of a carrying tray which you can purchase locally, this kit compares to or exceeds others selling for up to \$2,000: some having only 30-70 colors. This kit would cost over \$700 if these materials were purchased
